<description>The
airspace below the Cape Town TMA, excluding all promulgated
controlled airspace, FADs, FARs and FAPs, is declared as a Special
Rules Area and will be known as the CAPE TOWN SPECIAL RULES AREA
(SRA).
The Cape Town SRA shall comprise of three sectors divided as
follows:

- Northern SRA Sector: 126.8MHz
- Western SRA Sector: 125.8MHz
- Eastern SRA Sector: 124.8MHz

RULES APPLICABLE WITHIN THE CAPE TOWN SPECIAL RULES AREA
- Avoid controlled airspace unless otherwise authorised by Air
Traffic Control.
- Comply with the Traffic Information Broadcast by Aircraft (TIBA.)
- The Cape Town Special Rules Area shall exclude all promulgated
controlled airspace and FADs, FARs, FAPs.
- Flights must be conducted at an indicated airspeed not exceeding
180 knots.
- It is recommended that where possible aircraft have their landing
lights switched on.
- Aircraft operating within the special rules area below FACT TMA A
must not exceed 2000FT ALT.</description>

<name>East London

SRA</name>

<description>The

airspace below the East London TMA, excluding that part of the Port Alfred General Flying Area (FAD192), which falls below the East London TMA, is declared as a Special Rules Area and termed as the EAST LONDON SPECIAL RULES AREA.

This is to promote safety, efficiency and orderliness in the East London Special Rules Area.

All aircraft operating in the East London Special Rules Area should maintain a listening watch and broadcast regular position reports on FREQ 125.2 MHz.

By virtue of the fact that uncontrolled VFR aircraft are to remain below the East London TMA, radar separations and information provided to aircraft operating within the East London TMA will only take known identified targets into account.

For the information of those aircraft operating within the East London TMA, unidentified unknown targets performing as expected for general aviation within the confines of the East London Special Rules Area will be deemed to be separated from aircraft operating within the East London TMA, by procedures as opposed to radar. Pilots operating below the East London TMA should therefore ensure that they do not exceed the applicable altitude restriction as stipulated on SRA routings and also to remain at least 500FT below the TMA whilst flying below the East London TMA. Pilots are encouraged to squawk 2000 at all times.</description>

<name>Kruger SRA</

name>

<description>Due to

the implementation of the Malelane and Sabi-Sands SRA, the Kruger
SRA lateral definition has been amended.

The airspace below the Kruger Mpumalanga TMA A, B, C, D, G and portion of F, excluding the airspace below the Kruger Mpumalanga TMA E and that part of the Kruger National Park FAR 78, between ground level and 2500FT ALT, which falls below the Kruger Mpumalanga TMA, is declared as a SRA and termed as the Kruger SRA.</description>
